

First Destination Report

Class of 2023

Class of 2023

First Destination Career Outcomes

Thomas Jefferson University prepares students not only to land top internships and jobs, but to become industry leaders. At Jefferson, we call our transdisciplinary, professionally focused approach to education Nexus Learning™. Consistent with this approach, the Marianne Able Career Services Center helps students and alumni capitalize on their Jefferson experience, helping them achieve their professional goals.

This report includes data from undergraduate day students who graduated from **Jefferson's East Falls Campus** in August 2022, December 2022, and May 2023. Statistics are derived from a survey collection pool of 343 graduates from a total graduating class of 453 (representing a 76% knowledge rate). Response sources include: self-reported survey responses, faculty/staff outreach and LinkedIn profile verifications. Of the 343 graduates with information provided, 334 or 97% have reported post-graduation employment in fields related to their major/career interests, graduate school acceptance, military or volunteer service and gap year statuses.

Further broken down, 199 graduates are employed (58%); 118 are enrolled in graduate programs (34%); 3 are engaged in military service and volunteer service (1%), 9 indicated they were still seeking employment in their field of study at the time of this report (3%) and 14 were taking a gap year or not seeking (4%).
